### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: The closest prior art, Dickey et al. (US Patent No. 6,189,896) discloses the invention substantially as claimed in claim 1; however, the Dickey et al. reference fails to explicitly disclose each of the concaves formed by a first deepest inclined face and a second inclined face. Although the Dickey et al. reference discloses first and second inclined "portions", the portions are on the same "face" and there is no motivation, absent the applicant's own disclosure, to modify the Dickey et al. reference in the manner required by the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
